Apartment

Twin Red

I'm locked in my apartment
Surrounded by
Your selfish lies.

Knocking on the door
Made me deaf
It made me silent.

No good reasoning. I stay inside.

Outside there's nothing left for me.
I feel the cold, I feel the heat,
This got me down here to my knees.

I'm locked in my apartment
Surrounded by
Your selfish lies.

Knocking on the door
Made me deaf
It made me silent.

No good reasoning, I stay alive.

I've seen enough of this.
This paranoia, I stumble over you.
I hope it get's me through.
And for the things you do you feel so dirty. No one around me is clean.

I feel so high when I'm down. I hope you know when I frown, it means something to me.

I'm locked in my apartment
Surrounded by
Your selfish lies

Knocking on the door
Made me deaf
It made me silent.

It means something to me.
