The K.O.S.T.

In My Eyes

Why is it you can ruin everything we've made with one touch
And all the effort you waste lashing out...
could get something done
I'll stay focused, you stay lost
Take a look man
Consider the fucking cost!
This pressure keeps building
I don't know how much I can take
I have no intention of sinking to your level
Because my beliefs are at stake
I'll stay focused and you, you can stay lost
Take a look man
Consider the fucking cost!
It's not who's right or wrong
The problem's deeper than that
I know you don't feel the same way I do
But let's try to work it out!
You want to put me to the test
But there's more than pride on the line
It's a question of what path to take
And I've already chosen mine
I've chosen mine!
Consider the cost!
