

I Stay Away

Alice in Chains

Yeah, hey, I want to travel south this year
Aah, woah, woah won't prevent safe passage here Why you act crazy
Not an act maybe
So close a lady
Shifty eyes shady Yeah, hey yeah, tears that soak
A callous heart Why you act frightened
I am enlightened
Your weakness builds me
So someday you'll see I stay away Why you act crazy
Not an act maybe
So close a lady
Shifty eyes shady I stay away, I stay away
I stay away, I stay away
