

Supermariolovers

Sam Nulton & Bobby Brickstone

Maybe I'm crazy but I can't get you outta my head
And no matter what I do all I think about is you and I don't mind at all[Bobby]
Yeah, I said girl I like you, we could go down this pipe of love like I do
Run around this world made of bricks and fly, too, if you don't mind this fox tail behind you
It all started with this one look, we locked eyes no key I gave a shy look
It was innocent, but we connected, I never talked about us, that's expected
I kept it G all the way with a smirk on my face like "girl how's your day?"
She said "cool" but I knew that this meant "it's whatever" so I just said "okay"

Now we talkin' bout a topic that she hype about
I'm going in slowly tryna slowly let the player out
I play it right tonight, might be that night her and I doin' dinner
yeah, yeah I'm pretty nice

[chorus]

You can be my princess, I will be your Mario
You are one and I am one but our hearts beat in stereo
I will always love you until we are very old
Life's a long equation but for me there's just one variable
YouBaby you won't find nothing that gets close to this thing we have
I know you, you know me, we know we've both found our one
To hold onto for forever, I can't think of anyone else
You see how crazy you make me every time that you're around

[Bobby]

All I wanna do is ride, ride, ride
To a getaway we can hide, hide, hide
If you don't drive we can fly, fly fly
You and me, you and me[chorus]
