

Here We Go From The Top

October Fall

Why were you, soft spoken
Make it as a man
I've been down, soul error
They can't take you back They've gone mad Going down, show me how
I can't give up now
I've been down, soul error
They can't, they've gone mad They've gone mad, ah
They've gone mad, ah
They've gone mad, ah, ah Give up give out give in your time
It's overrated I hate my
Give up give out give in your life
It's all the same but I get by Give up give out give in you time
It's overrated I hate my
Give up give out give in your life
It's all the same but I get by Ooh
