## Zammuto

Dull, Proud, Slow, Stand where you are.  
Crawling through your pile  
Weak, Lame, Rude, and Vile  
Where you are, Where you are  
Crawling through your piles You have lost your edge... our bags are picking up, are picking up  
I would rather lose my house and all,  
than have to smell your acetone, your acetone  
Alone, Inane, Grey, Confused, where you are  
Crawling through your pile Stuck, Obtuse, Cynical, Afraid  
Stick your head above the wall you are  
The wall you are,  
Crawling through your piles  
You have lost your edge... I'll pick it up, I'll pick it up
