

You Me Us Them

Belleruche

You, me and us
We are my favourite people
We all go together like peaches and cream
Or bells with a church and a steeple
Some people I know, I'm fond of and so
All day I keep singing about them
For one of them's you and, Darling, it's true
I find that I can't live without them
You, me and us
We are my favourite people
We all go together like peaches and cream
Or bells with a church and a steeple
The stars were as bright as diamonds the night
We met and we danced and we flirted
With one look at you, my dream had come true
And nothing will ever divert it
You, me and us
We are my favourite people
We all go together like peaches and cream
Or bells with a church and a steeple
Now, outside of town we all settled down
Our place isn't big, but it's cosy
I know that you're mine and ev'rything's fine
Our future forever is rosy
You, me and us
We are my favourite people
We all go together like peaches and cream
Or bells with a church and a steeple
Yes, we all go together like peaches and cream
You, me and us!
