Angel's Wings

Berlin

You say you're down on your luck
Hey baby, it's a long, long way up
Hold back now, hold back your fears
You say you're really down and out
And you feel like there's no way out now
Let go now, let go of your tears some more
How many times have you asked yourself
Is this the hand of fate now that I've been dealt?
You're so disillusioned, this can't be real
And you can't stand now the way you feel
I don't care about what they say
I won't live or die that way
Tired of figuring out things on my own
Angel's wings, won't you carry me home
And you're down on your luck
Hey baby, it's a long, long way up
Hold back now, hold back your fears
And when you're really down and out
And you feel like there's no way out now
Let go now, let go of your tears some more
And when you're down on your luck
Hey baby, it's a long, long way up
Hold back now, hold back your fears
And when you're really down and out
And you feel like there's no way out now
Let go now, let go of your tears some more
I triumphed in the face of adversity
And I became the man I never thought I'd be
And now my biggest challenge, a thing called love
I guess I'm not as tough as I thought I was
I don't care about what they say
I'm gonna marry you some day
Go ahead and wake up, it's a brand new day
Angel's wings gonna carry you away
Angel's wings gonna carry me away
Angel's wings gonna carry us away
Gonna carry us away
Gonna carry us away
Gonna carry us away
