

# On the Radio

## Cloud Nothings

I wonder if it hurts to be born in this  
And to know what it's like to be me and you  
I wouldn't think that anyone would want to  
Not even something that turns nothing for you It is all good  
Start something new  
They want you  
It is all good  
Start something new  
They want you This ending knew more about radio  
This ending knew more about you  
This ending knew more about radio  
This ending knew more about you  
This ending knew more about radio  
This ending knew more about you  
This ending knew more about radio  
This ending knew more about you I wonder if it hurts to be born in this  
And to know what it's like to be me and you  
I wouldn't think that anyone would want to  
But even something that turns nothing for you It is all good  
Start something new  
They want you  
It is all good  
Start something new  
They want you This ending knew more about radio  
This ending knew more about you  
This ending knew more about radio  
This ending knew more about you  
This ending knew more about radio  
This ending knew more about you  
This ending knew more about radio  
This ending knew more about you This ending knew more about radio  
This ending knew more about you  
This ending knew more about radio  
This ending knew more about you  
This ending knew more about radio  
This ending knew more about you  
This ending knew more about radio  
This ending knew more about you
