

Apex Predator

Cavalera Conspiracy

You can be seen the predator's delight
Enjoy the fear in your prey's eyes
Settling to unleash your savage might
As the helpless before you lies
No chance is there for captivity nor fight
For mercy with your heart has no ties
No particular target to apply it
It works either each way you denied it
Apex predator apex
Apex predator apex
Only one response to the carnivore
On wings feathered with holy terror
Down the throat, the only action
Momentary lapse of perception
Apex predator apex
Apex predator apex
