

The Need To Know (feat. SZA)

Wale

Tryna keep it low
Keep 'em on that need to know
Tell everybody that we're just friends
But to be honest that plutonic shit's for TV shows
Same place, we're with different folks
Case closed if they crack the code
Is it me, or is you cold?
Cause the feelings you ain't showin' pokin' out your clothes
Go put a sweater on or get a room
Forbidden fruit, swim in your juice
Lot of ways I can get to you
But my train of thought is tryna get you out your ch-ch-choo Still we keep it low
Keep 'em on that need to know
Cause somebody tell somebody
And somebody then sorry but somebody gon' need to go I'm not tryna pressure you
Just can't stop thinkin' 'bout you
You ain't even really gotta be my boyfriend
I just wanna know your name
And maybe some time
We can hook up
We can hang out, we can just chill Tryna keep it low
Keep 'em on that need to know
Tell everybody that we're just cool
As far as me and you, we got a simple code
Spendin' nights, well that's optional
No telephones in the afternoon
I know that overthinkin' only leads to subtweetin'
Every time your ass in the mood
Sharin' thoughts when we share a room
Though we barely talk when we share a room
In the dark, still see your curves
Body like what, swear to God you're a miracle Still we keep it low
Keep 'em on that need to know
Cause somebody tell somebody
And somebody then sorry but somebody gon' need to go I'm not tryna pressure you
Just can't stop thinkin' 'bout you
You ain't even really gotta be my boyfriend
I just wanna know your name
And maybe some time

We can hook up
We can hang out, we can just chill I'm not tryna pressure you
Just can't stop thinkin' 'bout you
You ain't even really gotta be my boyfriend
I just wanna know your name
And maybe some time
We can hook up
We can hang out, we can just chill
