

# Borrowed Time

## Kingdom Come

Another day - will always come  
Go ahead - take it on  
Losing faith - it ain't the same  
Like giving up - and putting blame  
Don't rely - on anyone  
You wanna strike - get it done

It's all about - reducing pain  
No risk my friend - you'll never gain  
We're all - live on hope  
That's why - don't let go  
Will it pay - who would know  
Borrowed time - the way it goes
