

Africa Shine (feat. Black Coffee)

Mi Casa

i hear it,
tell me can you hear it though,
i feel it down deep in my soul
tell me that you feel it
step by step
we're marching on
and groove by groove see the power of a song
there's a wave here
and its rushing in
like the parting of the red sea
like the world is trembling
with a cry so loud you cant ignore the sound
and a message began to be heard
that the time is now
(are you ready)
shine eeeee
shine so bright
shineeeeeee
shine so bright
shineeeeeee
shine so bright
shineeeeeee
shine so bright
are you ready
(we are here
about to take over
africa shine, shining so bright) ã—
we moving
against the flow
we are
thats about to grow
and soon the world will know this song
thats right
and we will conquer
ã— as i sing along
and alllll that day we shall rejoice
and the people will name the glory is yours
one by one as the word gets around
and everybody will know the power of a song

shineeee
shine so bright
shineeee
shine so bright
shineeeee
shine so bright
shineeee
shine so bright
(and we right here about to take over africa shine, shine so bright) Å—
(yeah yeah yeah yeah)
(we right here about to take over after shin, shining so bright) Å—
shining so bright
