

# Reason (Live Acoustic Version)

Selah Sue

Reason look at her  
(Reason look at her)  
And tell her what to do  
(What to do)  
So she can come back to life  
(So she can come back to life)  
And won't feel sad no more  
(And won't feel sad no more)She feels lost in her, darkness  
She feels bad in he, darkness(Give her the reason  
Just give her the reason to hold on  
Give her the reason  
Just give her the reason to hold on)Reason come back to her (reason come back to her)  
Please tell her where to go (where to go)  
So she can find find a place  
So she can find a place  
Where she won't feel bad no more (she won't feel bad no more)She feels lost in her darkness  
She feels bad in her darkness(Give her the reason  
Just give her the reason to hold on  
Give her the reason  
Just give her the reason to hold on)In the end she should know  
That she is drowning in sorrow, oh  
Alone  
So let's change her faith  
And make all this sadness stopShe feels lost (in her darkness)  
She feels bad (in her darkness)Give her the reason  
Just give her the reason to hold on  
Give her the reason  
Just give her the reason to hold on
