Days Are Numbers

[The Alan Parsons Project](#)

The traveler is always leaving town
He never has the time to turn around
And if the road he's taken isn't leading anywhere
He seems to be completely unawareThe traveler is always leaving home
The only kind of life he's ever known
When every moment seems to be
A race against the time
There's always one more mountain left to climbDays are numbers, watch the stars
We can only see so far
Someday, you'll know where you are, rememberDays are numbers, count the stars
We can only go so far
One day, you'll know where you areThe traveler awaits the morning tide
He doesn't know what's on the other side
But something deep inside of him
Keeps telling him to go
He hasn't found a reason to say noThe traveler is only passing through
He cannot understand your point of view
Abandoning reality, unsure of what he'll find
The traveler in me is close behindDays are numbers, watch the stars
We can only see so far
Someday you'll know where you areRemember
Days are numbers, count the stars
We can only go so far
One day, you'll know where you areRemember
Days are numbers, watch the stars
We can only see so far
Someday you'll know where you are
