

Daniellas Eyes

[Meja](#)

The first time she burned him with her eyes He was drinking coffee she didn't look his way at the cafe she was working at He was making poses, but I guess She didn't see him she didn't notice that Oh Daniellas Eyes Oh Daniellas Eyes oh, they drive him wild He was lost in Daniellas eyes I can tell you no lies and her eyes were beautiful It is true and green the most beautiful eyes ever seen Then last night of somebody walking in the room He could see the shadow he passed outside her house He closed his eyes to the girl he loved so much and to the green eyes open wide and wished himself inside
