Crybaby

T.S.O.L.

late at night and i'm coming to see you
inside and i wanna believe you
your pain is the rhythm you go through
so sad now
what could i do?last week and you wanna deceive me
who called while we're watching tv
you're back and now you're leaving
so sad now
have you been bleeding?cry baby, cry baby, cry
cry baby, cry baby, cryanother fight and i'm starting to see you
another night and he's gonna be gone too
your pain is the rhythm you go through
so sad now
what could i do?cry baby, cry baby, cry
cry baby, cry baby, cry
cry baby, cry baby, cry
