

If I wanted you girl

Ernest Monias

IF I WANTED YOU GIRL

If I wanted you girl
Would you want me too
If I needed you girl
Would you need me too

I could love you girl
The whole night through
I could love you girl
Til the morning comes

Ain't no doubt in my mind
I can get what you need
Just give me the time
Baby listen to my heartbeat

If I wanted you girl
Would you want me too
If I needed you girl
Would you need me too

I could love you girl
The whole night through
I could love you girl
Til the morning comes

Ain't no doubt in my mind
I can get what you need
Just give me the time
Baby listen to my heartbeat

If I wanted you girl
Would you want me too
If I needed you girl
Would you need me too

If I wanted you girl
Would you want me too
If I needed you girl

Would you need me too
