

Lovetrap

[Nikola Sarcevic](#)

I know you met someone last night
See it in your eyes
You said, "We only talked, alright"
Now that's a big lie And I know it's all over now
I guess we lost our love somehow
The moment you left through that door
No, you never come back here no more You came and took your things today
Gave me your ring back
I never thought it'd end this way
Fell in your lovetrap And I know it's over now
I guess we lost our love somehow
The moment you left through that door
No, you never come back here no more You said you're never comin' back home
You got me chokin'
Now that's a typical syndrome when heart gets broken
Oh broken, oh yeah 'Cause I know it's all over now
I guess we lost our love somehow
The moment you left through that door
No, you never come back here no more 'Cause it's all over now
We lost our love somehow
You left through that door and I know
You'll never come back here no more 'Cause it's all over now, it's all over now
