

# The Fog

## Overcoats

They don't, they don't  
Understand what I've got  
They don't, they don't  
Understand what I've got  
They're watching me, but Imma do what I want  
Freedom is when I'm without you  
When the fog hits  
I'm the only one I see  
Freedom is when I'm without you  
When the fog hits  
I'm the only one I see  
Oh I'm the only one I see, see  
He yanks me like he can move me  
Don't he think I have my own needs?  
Use me up when he feels weak  
Take my sex from me like a dream  
Talks me down till I'm sitting silent  
Wants me to ask before I speak  
As I hold my tongue all I taste is his bitter grief  
Bitter grief  
Freedom is when I'm without you  
Freedom is when I'm without you  
Freedom is when I'm without you  
Woah Freedom is when I'm without you  
Freedom is when I'm without you  
When the fog hits  
I'm the only one I see  
Freedom is when I'm without you  
When the fog hits  
I'm the only one I see  
Oh I'm the only one I see, see  
They don't, they don't  
Understand what I've got  
They don't, they don't  
Understand what I've got  
They're watching me but Imma do what I want
