

Rent Boy

Flesh for Lulu

I got hope and got it bad
Look in my eyes
You'll see just what I've had
Save the kiss for the victim inside
Next thing you know your out on the street trying to hide
But you cant hide
You cant hide
You've got it all
Love has no fear
The closer you get the less you wanna hear
Don't apologize
Just stand there and lieYour love is so big
I could tear it apart
Everything that you do
She's gonna use you
She wants your company
And she'll pay for it toYou got it all
You got it all
You got it allYou've got a body thats burning inside
There taking you outside
The darkness decides
But it isn't all bad
And wasted todayYou'll hold hands in the street
and watch ???Everything that you do
She's gonna use you
And when shes talking
Lying on the floorOhhhhhhhh
Everything that you do
Shes gonna use you
Cindys got a job for you
And theres bucks in it toYou got it all
Drive a fast car
Wooooh
You got it all
You got it all
Drive a fast car to the edge of the world
Yeah love has no fear
You got it all
And the closer you get

The closer you get
The closer you get
The less you wanna hearAhhh your bag of tricks
Ahh -You ain't sick
You know a bag of tricks
You got it all
Love has no fearI got a hope
And got it bad
Got it bad
