

Porn

Shakhan

You're young and beautiful some would call you a slut.

 All you can give is a paper cut your porn.

You're hot and its dry and the dust devil spins on the plan.

Youre a cloud that floats by youre a dark cloud giving no rain you're porn.Shes young and beautiful some
 would call you a tart.

 Shes lying when she says its fine art you're porn.

 Dear friend you can see it all but you got nothing.

 Believe me when I say shes a poison spring shes porn.
