# Wide Open Arms

## Marc Scibilia

Feels like so long ago
Iade myself a simple goal
Find an honest girl
And hang on to my soul
But the world starts moving fast
You slow down, you wind up last
Next you know you're upside down and you
Can't find the ground
She got wide open arms
The way that she loves me is like no one's ever done her harm
She got wide open arms
And I fall into them anytime I'm falling apart
Into her wide open arms
Well I'm coming home late tonight
It's a long day but that's alright
You make a little money
You lose a little life
Rihanna's on the radio
Singing "Baby, please don't go"
But I know my baby's gonna be there when I come home
She got wide open arms
The way that she loves me is like no one's ever done her harm
She got wide open arms
And I fall into them anytime I'm falling apart
Into her wide open arms
Baby I'm gonna hold you tight
I'm never gonna let you down
It's gonna be a different story
This time around
Baby I'm gonna hold you tight
I'm never gonna let you down
It's gonna be a different story
This time around
This time around
She got wide open arms
The way that you love me, it's like no one's ever done you harm
You got wide open arms
And I fall into them anytime I'm falling apart
Into your wide open arms

That's where I fall
Every time
Into your
Into your wide open arms
Into your wide open arms
