

Tornado of Souls (Demo)

Megadeth

This morning I made the call
The one that ends it all
Hanging up I wanted to cry
But damn it this well's gone dry Not for the money
Not for the fame
Not for the power
Just no more games But now I'm safe in the eye of the tornado
I can't replace the lies that let a thousand days go
No more living trapped inside, in her way I'll surely die
In the eye of the tornado, blow me away You'll grow to loathe my name
You'll hate me just the same
You won't need your breath
And soon you'll meet your death Not from the years
Not from the use
Not from the tears
Just self abuse But now I'm safe in the eye of the tornado
I can't replace the lies that let a thousand days go
No more living trapped inside, in her way I'll surely die
In the eye of the tornado, blow me away Who's to say, what's for me to say
Who's to say, what's for me to be
Who's to say, what's for me to do
'Cause a big nothing it'll be for me The land of opportunity
The golden chance for me
My future looks so bright
Now I think I've seen the light Can't say what's on my mind
Can't do what I really feel
In this bed I made for me
Is where I sleep, I really feel I warn you of the fate
Proven true to late
Your tongue is twist perverse
Come drink now of this curse And now I fill your brain
I spin you 'round again
My poison fills your head
As I tuck you into bed You'll feel my fingertips
You won't forget my lips
You'll feel my cold breath
It's the kiss of death
