

# Jesus Was My Girl

David Usher

So He dies and I'm the joke  
A Play-Doh mask, a million miles to go  
A supped up cock tease with a little twist  
When sex got ugly I'd insist  
Hear you'll empty all I've got  
Fucking's over but I can't stop cumming  
Still born dead or never born at all  
When Jesus was my girl  
She told me  
When Jesus was my girl, oh  
It's impossible for me  
Harder even if I turn it over  
Not as pretty as I thought I'd be  
Another symptom of my damn disease  
Hear you've taken all I got  
Fucking's over but I just keep cumming  
Still born dead and never born at all  
When Jesus was my girl  
She told me  
When Jesus was my girl, oh  
When Jesus was my girl  
She told me  
When Jesus was my girl, oh  
Not as pretty as I thought I'd be  
Another symptom of my damn disease  
Not as pretty as I thought I'd be  
Another symptom of my damn disease  
Not as pretty as I thought I'd be  
Another symptom of my damn disease  
Not as pretty as I thought I'd be  
Another symptom of my damn disease  
When Jesus was my girl  
She told me  
When Jesus was my girl, oh  
When Jesus was my girl  
She told me  
When Jesus was my girl, oh  
Not as pretty as I thought I'd be  
Another symptom of my damn disease

Not as pretty as I thought I'd be  
Another symptom of my damn disease  
Not as pretty as I thought I'd be  
Another symptom of my damn disease  
Not as pretty as I thought I'd be  
Another symptom of my damn disease  
Not as pretty as I thought I'd be  
Another symptom of my damn disease  
Not as pretty as I thought I'd be  
Another symptom of my damn disease
