

# Just Love

## Stephen Simmonds

You can run. you can run. you can run,  
But there's no hiding place.  
You can't deny it. don't try to fight it.

[Chorus]

We love you and there is nothing you can ever do about it  
If you get off track, turn around and come right back  
We love you and there is nothing you can ever do about it  
If you lose your way, you still got a place to stay so

Touch somebody and  
Find out that they understand  
When you tell 'em what you been through,  
Who you are, what you had to do.  
Believe it when you hear them say  
The god we serve has made a way  
For you to lay your burden down  
Rest and make a joyful sound

[Chorus]

Hug somebody now  
Hold tight and just let it out  
Somebody's gonna stand right here  
Until you can move past your fear (or 'and wipe away every tear')  
And if you need a friend  
Don't wait outside. come on in.  
But even if you need some time  
Don't rush. it will be alright because

[Chorus]

So just love. no fear  
Love. no fear.  
Love. love. love. love. love.

Ooh child you look like my sister on my father's side  
Ooh child you look like my brother on my father's side
