

# Seasons Change

Scotty McCreery

It's been a long time gone, been a long time coming  
It's a new beat, gonna hit the ground running  
Been a while since it felt this way  
But it's a brand new me, yeah it's a brand new day  
Can't keep a man down when he's on the way up  
Can't keep it in parked when there's gas in the truck  
Red light, yellow light, green light, go  
Everybody knows Seasons change  
Turning a new leaf, rolling up my sleeves  
Sitting on G, waiting on O  
Now the sun's out baby I'm ready to roll  
Wintertime, springtime, summertime, fall  
Good times, bad times, been through them all  
Just when you think you can't make it through the rain  
Your seasons change, oh  
Your seasons change, yeah  
When you just can't find the right piece to the puzzle  
There's no light at the end of the tunnel  
Don't sweat it, don't thread it, put your boots on the ground  
It'll come back around  
'Cause sometimes going through all the bad weather  
Makes the sun shine that much better  
Right here right now is what it's all about  
So breathe in, breathe out  
Just breathe in, breathe out Seasons change  
Turning a new leaf, rolling up my sleeves  
Sitting on G, waiting on O  
Now the sun's out baby I'm ready to roll  
Wintertime, springtime, summertime, fall  
Good times, bad times, been through them all  
Just when you think you can't make it through the rain  
Seasons change  
Your seasons change, yeah  
Can't keep a man down when he's on the way up  
Can't keep it in parked when there's gas in the truck  
Red light, yellow light, green light, go  
Everybody knows  
Yeah everybody knows Seasons change  
Turning a new leaf, rolling up my sleeves

Sitting on G, waiting on O  
Now the sun's out baby I'm ready to roll  
Wintertime, springtime, summertime, fall  
Good times, bad times, been through them all  
Just when you think you can't make it through the rain  
Seasons change, oh  
I'm telling you seasons change, yeah
