Dead Man Saloon

Creeper Lagoon

Running down to the dead man saloon
Drinks are wild in the afternoon
Let her cool down so you can sleep tonight
Holding dear to the lifeless champagne
She has left you with no sustain
You are slowing down so you can be free againTripping out by yourself on the great plains
Go and catch all the falling airplanes
Gonna tear that stadium down
To the ground
Ooh forever asleep
My soul will keepNo one hears from the star crossed dry room
Gotta run can wait I'll die soon
Gonna turn my amplifier on
Like a bell
Ooh calms me down
The guitar SoundRunning down to the dead man saloon
Drinks are wild in the afternoon
Let her cool down so you can sleep tonight
Holding dear to the lifeless champagne
She has left you with no sustain
You are slowing down so you can be free again
Free again
Free again
I am afraid of the things you do to meGonna stand on a hill of Sapphire
Son Clara who writes in black fire
Gonna turn that orchestra on
Like a bell
Ooh calms me down
The cello soundRunning down to the dead man saloon
Drinks are wild in the afternoon
Let her cool down so you can sleep tonight
Holding dear to the lifeless champagne
She has left you with no sustain
You are slowing down so you can be free again
