

Never Wanted

Metronomy

Never wanted, never neededâ€™
You said honey, best be leavingâ€™
If you want, I'll pack a bagâ€™
Foreign money, in your handâ€™
In your hand baby
Tube of tooth paste, facial cleanser
Bar of soap and moisturizer
But it gets betterâ€™
But it gets better
Never wanted, never neededâ€™
You said honey, how you feeling?
Hotel pillows, worth a tryâ€™
If you want me, swing on byâ€™
Swing on by baby
Mini bar with, many choicesâ€™
Bedside table, distant voices
But it gets betterâ€™
But it gets better
Does it get better?
Does it get better?
Does it get better?
Never wanted, never neededâ€™
You said honey, best be leavingâ€™
If you want, I'll pack a bagâ€™
Foreign money, in your handâ€™
In your hand baby
