

Flip My Switch

Jupiter Rising

I was a good girl,
Sitting home all alone
Looking for trouble
Now you're blowing up my phone
I quit shakin'
As I hear your voice say to me
I'll treat you right tonight
My little sugar baby
I'm just a sucker for the cherry-red mustang,
Up in that fast ride
I know I'll never be the same You're turn-turning me on (me on)
You're switch-switching me on (me on) All right
You ain't them other boys
You flip my switch right
I sneak out late at night
You flip my switch right
Pull over road side
You flip my switch right
You flip my switch baby,
You flip my switch right You ain't them other girls
You flip my switch right
You sneak out late at night
You flip my switch right
You like my fast ride
You flip my switch right
You flip my switch baby
You flip my switch right Ooh, uh huh
Just let me catch my breath
Moving so quickly and doing things I can't forget
Don't want the night to stop
I'm getting loose off the shots
Shake 'n shiver (?) keep my cool
But your kissing's too hot
Oh you're my Duracell
You keep going, and going
Oh scandalous night
there ain't no slowin' no more You're turn-turning me on (me on)
You're switch-switching me on (me on) All right
You ain't them other boys

You flip my switch right
I sneak out late at night
You flip my switch right
Pull over road side
You flip my switch right
You flip my switch baby,
You flip my switch right You ain't them other girls
You flip my switch right
You sneak out late at night
You flip my switch right
You like my fast ride
You flip my switch right
You flip my switch baby
You flip my switch right You're my number one hottest fire
No telling what your heart desires
But is it cool if I let you know
that a cuddle and a spark, and a solid glow So tell me what you wanna do
'Cause I'm really really into you
Never mind about sensual
Let's get ph-ph-ph-physical Slippin' out of my tight red dress
Somethin within (?) that I must confess
Sure I'm little but I'm hot as a lighter
Workin' on you til you perspire Like the curve of my silhouette
So come a little closer so you can't escape
Look at what you've done to me
Oh baby what you did, damn You ain't them other boys
You flip my switch right
I sneak out late at night
You flip my switch right
Pull over road side
You flip my switch right
You flip my switch baby,
You flip my switch right You ain't them other girls
You flip my switch right
You sneak out late at night
You flip my switch right
You like my fast ride
You flip my switch right
You flip my switch baby
You flip my switch right
