

Let Me Be The One

Five Star

Let me be the one
You give your love to
Let me be the one
You give your love to I hear your records on the radio
I see you talking on the late, late show
Every girl wants to be your friend
Don't you know, you're always on my mind
Or how I missed you
Since you hit the big time
Oh I'm hurting
I just can't pretend We used to be together
Making dreams, making plans (ah ah ah)
But you left that world behind
Now I'm asking you Won't you (let me be the one)
Let me be (you give your love to)
The love you need, baby
Baby (let me be the one)
Let me be (you give your love to)
The one that turn your loving on I see the sadness in your eyes
Don't you get lonely baby sometimes
Longing for the love that we had
I'll be waiting when the day comes
When you need somebody
Won't you let me be the one
Come to me, put yourself in my hands We used to be together
Making dreams, making plans (ah ah ah)
But you left that world behind
Now I'm asking you Won't you (let me be the one)
Let me be (you give your love to)
The one you need, baby
Baby (let me be the one)
Let me be (you give your love to)
The one that turn your loving on, on We used to be together
Making dreams, making plans (ah ah ah)
But you left that world behind
Now I'm asking you Won't you (let me be the one)
Let me be (you give your love to)
The one you need, baby
Baby (let me be the one)

Let me be (you give your love to)
The one that turn your loving on(Let me be the one)
Let me be (you give your love to)
The one you need, baby
Baby (let me be the one)
Let me be (you give your love to)
The one that turn your loving on, on
(Let me be the one)
(You give your love to)
I'll come running to you (let me be the one)
(You give your love to)
There's nothing I wouldn't do
(Let me be the one)
(You give your love to)
Baby, I want you to know that I care
