

Whiteout

Arid Zone Avenues

Hey, yeah
Whoa, yeah
Hey, yeah
Whoa, yeah If I ever needed whiteout
that would definitely be today
Cause once again
I messed things up
looking to cover up mistakes Please resolve this
Hide all of my mistakes
I'm swimming in red ink
If I could white it out
maybe then I could make it out
See me lately
in over my head
Now I'm going crazy
Is the damage done?
Does she know I'm in love?
Is the damage done?
Does she know I'm in love? Hey, yeah
Whoa, yeah
Hey, yeah
Whoa, yeah I know you got the email
I'm hoping you won't see
Without some explanation
it might seem incomplete I know you got the letter
You're reading it right now
Well don't let it distress you
if it's covered in whiteout Please resolve this
Hide all of my mistakes
I'm swimming in problems
If I could white it out
maybe then I could make it out
See me lately
in over my head
I'm hesitating
to say that I'm in love Oh no, this is out of control
this is happening
I need a chance to catch my breath
I need a chance to breathe Oh no, this is out of control

this is happening
I'm gonna rewrite history
maybe then I'll get out cleanPlease resolve this
Hide all of my mistakes
I'm swimming in red ink
If I could white it out
maybe then I could make it out
See me lately
in over my head
I'm hesitating
to say that I'm in loveSee me lately
in over my head
Now I'm going crazy
Is the damage done?
Does she know I'm in love?
Is the damage done?
Does she know I'm in love?
