

The Circle

Black Country Communion

Cloudless
Nothing but sky over me
Peacefulness
How in this world could it be Nameless
Ghostly you shelter my flame
I am helpless
In the black light
It's a shame I'm in the middle of a dream
I just don't know what it means
I am at war with my fear
And I'm lost
In The Circle, again Powerless
Only the strong will prevail
Childless
Alone on this ship I will sail
Faceless
You try and reach for my Soul
I'm helpless
In the black light
Down the hole I'm in the middle of a dream
I just don't know what it means
I am at war with my fear
And I'm lost
In The Circle, again Childless
Alone on this ship I will sail
Lord I'm helpless
I'm lonely and feeling
So frail I'm in the middle of a dream
I just don't know what it means
I am at war with the fear (and it can only appear)
And I'm lost
In The Circle, again
