

# In A Different Light

## Avalon

Don't cry for me  
No, I've never been one to shoulder the weight of the world  
'Cause I believe  
This is here and it's now, but it's not my home  
There's a hope beyond what my eyes can see  
And there's a place that He's preparing for me[Chorus]  
Nothing's gonna keep us here  
We'll go a different way  
It'll be all right  
From the other side we'll see it clear  
On a different day  
In a different lightDon't be afraid  
Of the twists and the turns of the road that we're on, justbelieve  
There'll come a day  
When our faith turns to sight, and we'll see His face  
While we're here the heartache's hard to ignore  
So for now, we'll keep our eyes on the Lord[Chorus]Though for now, we see things dimly  
There's a voice that speaks within me  
Leading me to a different light  
In a different way (in a different way)  
In a different light[Chorus: x 4]
