

# Little Black Book

[Belinda Carlisle](#)

In my little black book, you're there to remind me  
There was a time, you and I were everything  
You'll never know the days and nights I spend imagining  
Yesterday is the only place, we'll ever know, oh, oh  
In my little black book, there's someone I used to know  
Day by day time slips away, where did our love go?  
In my little black book, you're always there to remind me  
It wasn't just a dream and baby, in my heart you will always be  
Picked up the phone, didn't know what I was gonna do  
I heard your voice, I had no choice, I hang up on you  
Yesterday is the only place, we'll ever know, oh, oh  
In my little black book, there's someone I used to know  
Day by day time slips away, where did our love go?  
In my little black book, you're always there to remind me  
How it used to be but baby, in my heart you're still a part of me  
There's no future living in the past  
You can dream but you can never go back  
Oh no, you will always be there  
In my little black, in my little black book  
In my little black book, there's someone I used to know  
Day by day time slips away, where did our love go?  
In my little black book, you're always there to remind me  
It wasn't just a dream, now we're worlds apart  
You're in my heart and there you'll always be  
In my little black book, there's someone I used to know  
Day by day time slips away, where did our love go?  
In my little black book, a part of me  
In my little black book, a part of me  
You will always be a part of me, in my little black book
