

Girl Can Rock

Hilary Duff

Ready for the big time, ready for the small
Whatever's comin' to me, I'll be ready for it all
Sometimes it ain't easy, sometimes it's not polite
Somedays I don't get it, somedays I get it right
It's in my heart, it's in my head
That's what I said
Hey boys, are you ready for the shock?
I'm livin' proof, the girl can rock
Spread the news around every single block
Hey boys, the girl can rock
Standin' in the spotlight, workin' up a sweat
Givin' all I got and lovin' what I get
I can't hold back what I feel inside
And if I make you nervous, you better step aside
It's in my heart, it's in my head
That's what I said
Hey boys, are you ready for the shock?
I'm livin' proof, the girl can rock
Spread the news around every single block
Hey boys, the girl can rock
The girl can rock
Don't say maybe or call me 'Baby'
I ain't crazy, at all
It's in my heart, it's in my head
That's what I said
Hey boys, are you ready for the shock?
I'm livin' proof, the girl can rock
Spread the news around every single block
Hey boys, the girl can rock
Hey boys, are you ready for the shock?
I'm livin' proof, the girl can rock
Spread the news around every single block
Hey boys, the girl can rock
I'm gonna live it up, I'll never give it up
I'm gonna spread the news around the block
It ain't no shock, the girl can rock
The girl can rock, the girl can rock, yeah, rock
