

Red Sky at Night

The Accent

Red in the night (red in the night)
Shepherd's delight (shepherd's delight)
Red in the morning
Shepherd's warning

Sky's glowing
Retching when this boy's worried
Think of what Mama said
Needn't have hurried

[Guitar Break]

Night's over
I can see dawn breakin'
What's that strange glow?
This boy's shakin'

Red in the night (red in the night)
Shepherd's delight (shepherd's delight)
Red in the morning
Shepherd's warning
