

Don't Hate the Player

Too \$hort

Don't hate the player nigga, hate the game
Don't hate the player nigga, hate the game
Don't hate the player nigga, hate the game
But what if you ain't no player? Everybody talkin' 'bout they gettin' hated
All these lies is 'bout who they been datin'
If you never was a player, I can't hate you
You know life is one time, you can't take two You seem to think 'cause you ain't fuckin' mo'
That some other nigga's all up in yo' hoe
It ain't yo' fault, did you do that?
You think yo' ex-bitch, gon' ever take you back? Hell naw, you still thinkin' you a player
You only got one girl, you just a square from nowhere
You starin' at the ground, fuck the ceiling
Love is the word that describes yo' feelings You're hooked, you can't leave her alone
You're like O.J., wait 'til he brings her home
You wanna kill her, but you don't wanna play the fool
You never was a player, we can't hate you Don't hate the player nigga, hate the game
Don't hate the player nigga, hate the game
Don't hate the player nigga, hate the game
But what if you ain't no player? What you mad at? Your bitch let me have that
And I ain't even say shit about your fat ass
She chose me, don't get an attitude
It really ain't got nuttin' to do witchu I'ma fuck her, anytime I wanna
Like a dog, I'ma climb up on her
She don't sweat me 'bout my other broad
But you called her on the phone and said, "I'm just a frog" I beat up hoes and I'm a rapist
Then you told all your homies how I hated
Damn nigga, I don't even know you
I seen you actin' like a groupie at a show or two I know she knows, the way you lied
Last time I hated it was 1985
I was young, caught up with a bad bitch
I took my time, learned the game, I had to have the shit Don't hate the player nigga, hate the game
Don't hate the player nigga, hate the game
Don't hate the player nigga, hate the game
But what if you ain't no player? She said you had a little dick, and can't fuck
Other niggaz fuck her good, but you ain't up
Can't do that stuff with a freak, can't never be weak
'Cause a nigga like me'll put a dick in her cheek And to the beat, I start humpin' on her face
Grab her by the ears and then give her a taste
Yeah nigga, I fucked her and she's mine now

You know I been a dog for a long time now
But I ain't gon' fight you for this pretty hoe
You think somebody player hated, you don't get it though
Just can't figure it out and you never will
Your bitch went out and found her a better deal
Said it was cool, kickin' it witchu
But she has more fun when she's lickin' on dude
I hate to be rude, but you know the rules
Life is the game nigga, you lose
Don't hate the player nigga, hate the game
Don't hate the player nigga, hate the game
Don't hate the player nigga, hate the game
But what if you ain't no player?
