

# Mirror Of Love (feat. Des'Ray & D-Rock)

## 2 Brothers on the 4th Floor

Let's all take a look in the mirror of love  
and see you're the one  
where you're dreamin' of  
Don't care what they say  
or what they're thinkin' of  
Let's all take a look in the mirror of love  
It's time, time to proceed, let me give you what you need.  
Be yourself and you will see, how you really want to be.  
Give, give all you got, keep on moving to the top.  
Mirror, mirror show me love and take me up above.  
Let's all take a look in the mirror of love  
and see you're the one  
where you're dreamin' of  
Don't care what they say  
or what they're thinkin' of  
Let's all take a look in the mirror of love  
In out, turn it out, tell me what it's all about.  
Cause positive is what I am, so now I hope you understand.  
Satisfy, don't deny, just keep your hands up in the sky.  
Mirror, mirror show me love and take me up above.  
Let's all take a look in the mirror of love  
and see you're the one  
where you're dreamin' of  
Don't care what they say  
or what they're thinkin' of  
Let's all take a look in the mirror of love
