

Losing Sleep

Cameron J

I been losing...
I been losing sleep...
Thinking 'bout you...

Yeah.

This single shit don't hit me 'til the nighttime
Swear you are my drug,
I'm strung out on you
They like up to be on my team
But I, can't stop thinking about you and me
Oh no
And Cupid, yeah he shot me at the right time
'Cause right now there's nothing I wouldn't do
And now I'm losing all my sleep
'Cause I, can't stop thinking about you and me
Oh no

Never met a real one,
Never met a real one 'til I met you, oh
And I don't wanna know how it feels,
Know how it feels to forget you, oh
I wanna know you,
I wanna get to know you
Do all the things that can show you that I am the one you can run to

Ooh, yeah
I like your style
Something 'bout you, it drives me wild
Ain't feel like this in a minute
Try to escape but I'm in this
I'm in this bed
Your face keeps running through my head
Its just those little things you do
That got me crazy over you

I should be sleep,
You should be to
But I wanna be,
Talking to you

I don't know why,
You got me so high
I like it, yeah
It feels alright
Right...

This single shit don't hit me 'til the nighttime
Swear you are my drug,
I'm strung out on you
They like up to be on my team
But I, can't stop thinking about you and me
Oh no

I'm losing sleep, no no
I'm losing sleep, no no
Sleep over you
Sleep over you
I'm losing sleep, no no
I'm losing sleep, no no
Sleep over you
Losing sleep over you

Never met somebody
Never met somebody make me feel like, you
Baby don't you stop no,
Don't stop doing the things you, do
I wanna feel this,
Feel this way forever
You say, "Will you leave me?"
I say, "Leave you, baby? No Never."

Ooh, yeah
I like your style
Something 'bout you, it drives me wild
Wish I could stop time for a minute
Cause I want to live in this moment
Moment with you
I speak no lies,
I'll tell you true
Baby if you keep it real with me,
I promise to keep it real with you

I should be sleep,
You should be to
But I wanna be,

Talking to you
I don't know why,
You got me so high
But I like it, yeah
It feels alright
Right...

This single shit don't hit me 'til the nighttime
Swear you are my drug,
I'm strung out on you
They like up to be on my team
But I, can't stop thinking about you and me
Oh no

I'm losing sleep, no no
I'm losing sleep, no no
Sleep over you
Sleep over you
I'm losing sleep, no no
I'm losing sleep, no no
Sleep over you
Losing sleep over you
