

Brave New World

Richard Ashcroft

Into the brave new world
I hope I see you on the other side
Of this changing worldBaby when my ship pulls in
I try to believe in anyone
Look at the state I'm inBut for now
I'm just sittin' at the table
Hearin' songs
Wishin' I was able, stableNah nah nah
Nah nah nah
Nah nah nah
(I hope I see you on the other side)
Nah nah nah
(I hope I see you on the other side)Brother don't try to find
Don't try to believe in anyone
For I would change your mindBaby when my ship pulls in
I try to believe in anyone
Look at the state I'm in, I'm fineBut for now
I'm just sittin' at the table
Hearin' songs
Wishin' I was able, stableNah nah nah
(I hope I see you on the other side)
Nah nah nah
(I hope I see you on the other side)
Nah nah nah
(I hope I see you on the other side)
Nah nah nah
(I hope I see you on the other side)
(I hope I see you on the other side)I hope I see you on the other side
I hope I see you on the other side
I hope I see you on the other side
I hope I see you on the other side
I hope I see you on the other sideBut for now
I'm just sittin' at the table
And I'm hearin' songs
Wishin' I was able, stableNah nah nah
Nah nah nah
Nah nah nah
(I hope I see you on the other side)
Nah nah nah
(Brave new world)

Nah nah nah
(I hope I see you on the other side)
Nah nah nah
(Brave new world)
