If you wanna love me
You gotta do it right
'Cause every Queen need a King who wants a body
All day, all night We could do it in the shower
We could do it on the floor
You could get it ever hour
Boy there's so much more Bum bum, from where this came from
If you love this bum bum
It's the only one you want
What's a bum bum
(How could I replace that) bum bum
(I just wanna see you shake that) bum bum
(Give it to me I'ma take that) bum bum
What a bum bum Shawty came in and she caught me red handed staring at her butt
So I say what's up
If I get it I ain't losing it
'Cause I know what to do with it
Make you say oohh
This is the love you've been waiting for
We've come too far so when I get close
Ain't nobody touching your body bum We could do it in the shower (shower)
We could do it on the floor (floor) You could get it ever hour
Notice there's so much more Bum bum, from where this came from (I love)
If you love this bum bum

(I just wanna see you shake that) bum bum
(Give it to me I'ma take that) bum bum
