Yeah Boy and Doll Face

Pierce the Veil

Were you honest when you said

I could never leave your bed

Wake me up and let me know

You're aliveAnd will you fall in love again

Is the scent slowly spreading?

I've been answering machines

All nightNow the doctors dancing in

While the ambulances sing

Another boy

Without a sharper knifeThe moment that's where

I kill the conversation

Wrap this up with a knife that loves to feel

How do you know how deep to go before it's realTake me home

Can I even complicate your breathing?

I guess I'm just your average boy

This is meWith a knife in the back

And a grip on the glass, it's cold

And I don't want to be here

I guess I'm never comfortable or situational Are we losing or beginning

To try a new life without you? The moment that's where

I kill the conversation

Wrap this up with a lie that I'm enjoying

Every minute with myselfAnd she could make hell

Feel just like home

So I'm never leaving her alone

But if your lightning lips aren't mine

Then I don't know the awkward stranger to my rightShe's crying

I only need one hand to drive

When you're with me

You are my getawayOh, no

And don't you ever feel alone?

And don't you wish you were

Cut the lust tonight

Alright, alright, tell me why? MyLittle Mona Lisa told a lie, lie, lie, lieDo you want me?

Do you want to let me know that you're okay

A diamond gold ring

Customized to cut your circulationBut I couldn't let you go

No, I never let you go, my dear

So keep talking

'Cause I love to hear your voiceTo your voice To your voice To your voice again
