Meditate

Out Of Eden

Just sit back and meditate
I just want to think about it, just think about it
Just sit back and think how great
The love You give, ohJust sit back and meditate
I just want to think about it, just think about it
No one compares to You
No way no one compares to You, to meIt's raining, I don't really have no place to go
Hear a voice of quiet in my soul
Saying I should go on, just stay home
Saying I should talk to YouTell You everything that's on my mind
Tell You what's going on inside
I don't even know whens the last time
That I made time to talk to YouI've been so busy runnin' 'bout
Always trying to kick it, go hang out
But there's no one else but You
Oh, it's You I truly I want to see
'Cause of all the love You give to meI think I'm gonna just sit back and meditate
On Your goodness, Your mercy, Your grace
Right now I'm gonna just sit back and think how great
Your love that will never changeI know I'm gonna just sit back and meditate
You have given me all that I need
And there is no way, no one compares to You
No way no one compares to You to meMy tower in times of refuge, my source of life and peace
Your love it falls like raindrops and never seems to cease
You're the God of all creation, You're the lover of my soul
Given me the air that I breathe, no way I could ever let You goSo I, so I give thanks to You
More than just for everything You've done
But for how you've shown me You're the one
That I can put my trust into
So no matter who it is that calls
I'm not leaving till Your spirit falls on meI think I'm gonna just sit back and meditate
On Your goodness, Your mercy, Your grace
Right now I'm gonna just sit back and think how great
Your love that will never changeI know I'm gonna just sit back and meditate
You have given me all that I need
And there is no way no one compares to You
No way no one compares to You to meWho could I haven't, haven't love but You
There's no way, there's no way, there's no way
Now tell me, who could be who You are or do what You do

Your beauty Lord, I long to see, see
In Your presence I find joy and peace
Want to be close to You, yeahGonna just sit back and meditate
On Your goodness, Your mercy, Your grace
Right now I'm gonna just sit back and think how great
Your love that will never changeI know I'm gonna just sit back and meditate
You have given me all that I need
And there is no way no one compares to You
No way no one compares to You to meJust sit back and meditate
On Your goodness, Your mercy, Your grace
Right now I'm gonna just sit back and think how great
Your love that will never changeI know I'm gonna just sit back and meditate
You have given me all that I need
And there is no way no one compares to You
No way no one compares to You to meBetter is one day in Your court
Better is one day in Your house
Than a thousand some elsewhere
I can't never do without your grace
And Your mercies, the air that I breathe
Your promises are exceeding in abundantlyBetter is one day in Your court
Just one day in Your house
Than a thousand some elsewhere
I can't never do without your grace
And Your mercies, the air that I breathe
