

# Hurry Up

## Eternal

Hurry up and come with me, yeah  
Only love can be our destiny  
Hurry up and make it true  
Gotta find, gotta see, gotta make this reality Baby, we've been going through good and bad times  
I love that feeling, gives me peace within my mind  
We're in this together, so don't throw it all away  
Hear me when I say I realize, look in your eyes  
I realize, I see the light  
Baby, in a special way Hurry up and come with me  
Only love can be our destiny  
Hurry up and make it true  
Gotta find, gotta see, gotta make this reality You've got to be real, open up, show me how you feel  
Free your mind, let my love come inside  
'Coz you and me got a love so free  
Baby don't you know? Can't you see?  
How we could be?  
Won't you be mine?  
Baby, everything will be fine Hurry up and come with me  
Only love can be our destiny  
Hurry up and make it true  
Gotta find, gotta see, gotta make this reality Hurry up and come with me  
Only love can be our destiny  
Hurry up and make it true  
Gotta find, gotta see, gotta make this reality Can't wait 'til morning  
That's how I'm feeling now  
I'm tired of waiting  
It could be true love, just me and you Hurry up and come with me  
Only love can be our destiny  
Hurry up and make it true  
Gotta find, gotta see, gotta make this reality Hurry up, hurry up  
Hurry up, hurry up  
A very special love  
Gotta make a move  
Hurry up, hurry up  
Gotta make a move Hurry up, hurry up  
You need this love  
It's not just loneliness  
Hurry up and come with me  
Only love can be our destiny
