

# Look Like This

Michael Ray

You don't know what you're doin'  
Or do ya  
Got me sittin' over here  
Wishin' that I knew ya  
I ain't got ya yet  
But I don't wanna lose ya  
Gotta get a little closer to ya And it starts with a look like this  
In the dark like this  
Got me thinkin' I should  
Walk across the bar like this  
Sayin' hey like this  
Who you be here with  
Nah, it doesn't really matter  
We could leave like this  
Get to know each other better  
All night or whatever Keeps your kiss  
Feelin' good like this  
And it starts with a buzz  
And a look like this  
Is it the song or how that neon's glowin'  
Maybe I'm just caught up in the moment  
But baby there ain't no real way of knowin'  
Til we get goin' And it starts with a look like this  
In the dark like this  
Got me thinkin' I should  
Walk across the bar like this  
Sayin' hey like this  
Who you be here with  
Nah, it doesn't really matter  
We could leave like this  
Get to know each other better  
All night or whatever The night ain't gettin' any younger  
Let's get one thing leadin' to another  
I don't know or care how this things ends  
But it starts with a look like this  
And a drink like this  
And you movin' to a song  
With a beat like this  
Hittin' me like this

Like a midnight fix  
Girl I got a feelin'  
That you might like this And it starts with a look like this  
In the dark like this  
Got me thinkin' I should  
Walk across the bar like this  
Sayin' hey like this  
Who you be here with  
Nah, it doesn't really matter  
We could leave like this  
Get to know each other better  
All night or whatever
