We Can Do Anything

Taddy Porter

I hold her hand while she sleeps
I brush her hair from her cheek
We can do anything while we?re sleep walking

It feels like it was yesterday
I can feel you breathe and feel you say
We can do anything while sleep walking

And I?m lost in your way
?Cuz you are so real to me
As I?m moving away, I can still see your face while I dream

Even though you?re gone
You?re here today
You taught me to dream, I can hear you say
We can do anything while we?re sleep walking
We can do anything while we?re sleep walking
