

The Love That Left You to Die

Metro Station

Would you still want to see me
If you knew how I feel?
You claim you still love him
I can't see how it's real We went out for just a drive
It turned into the story of your life I've never met
A girl as beautiful as you
It may be a craze
We may get over it soon I think if he loved you
He'd never make you cry
Then we both hugged
And you said goodbye
(Goodbye) Don't speak
I'm dying 'cause I know it all
Don't leave
He's only gonna let you fall
I'm here
You know that you can have it all
Take me
I'm never gonna let you fall How does it feel
Hurting all the time?
Tell me what it's like
Putting up with all his lies Stick with me
And we could leave this town
Never look back
It's part of the past now
(The past now) Don't speak
I'm dying 'cause I know it all
Don't leave
He's only gonna let you fall
I'm here
You know that you can have it all
Take me
I'm never gonna let you fall
