Boom Boom Boom

â˜† David Guetta feat. Justice Crew

It was a
So incredible like can't hardly tell ya
How good that view was like
She was pretty in the face
But when she walked away
Make you love to say goodbye
Mami got that big ol' personality
Can't ever out shine that body
She can be my girl
Me and her
That's, that's, that's wassup
(That's wasup)
Baby, go boom boom boom
Baby girl
I like the way you work them curves
Ohh
Know you knock, knock, knock me out
That's her
(That's her)
That's her
Baby, go boom boom boom
Oh my word
You make me go and lose my nerve
Ohh
Girl, you knock, knock, knock me out
You a problem baby
She's an eleven outta ten
Loves how she wear 'em well
Trues just right
She knows it and she shows it
By the look in her eyes
Mami got that big ol' personality
(Personality)
Can't ever outshine that body
She can be my girl
(Girl)
Me and her
That's, that's, that's wassup
(That's wasup)

Baby, go boom boom boom
Baby girl
I like the way you work them curves
Ohh
Know you knock, knock, knock me out
That's her
(That's her)
That's her
Baby, go boom boom boom
Oh my word
You make me go and lose my nerve
(Ohh)
Ohh
Girl, you knock, knock, knock me out
You a problem baby
Now baby, look here, what you workin' wit
But I can't, can't even concentrate
On anything but you
Make me wanna trade the one I'm with
Every time you go
(Boom boom)
Look here, what you workin' wit
But yeah, you know you had me from the jump
Why you do me like that, girl?
You gotta know that you ain't even playin' fair
When you go
Baby, go boom boom boom
Baby girl
I like the way you work them curves
Ohh
Know you knock, knock, knock me out
That's her
(That's her)
That's her
Baby, go boom boom boom
Oh my word
You make me go and lose my nerve
(Ohh)
Ohh
Girl, you knock, knock, knock me out
You a problem baby
Baby, go boom boom boom
Baby girl
I like the way you work them curves
Ohh

Know you knock, knock, knock me out
That's her
(That's her)
That's her
Baby, go boom boom boom
Oh my word
You make me go and lose my nerve
(And you know, girl)
Girl, you knock, knock, knock me out
(Knock, knock, knock me out)
Hey, hey
Hey-y-y
