

By Design (feat. Andre Benjamin)

Kid Cudi

Ooh, tap in to the frequency, love
Ooh, tap in to the frequency, love Fall from dusk to dawn, I am truly alive
The satellite that sits in frame to illuminate this shaded place
Is a rose that don't belong, music's the magic take the lead
Come on with it Mmm, come on
Moments don't pass me up, no, no
'Cause I seize them in stride
Tell them winnin' never gave me in
When I eternally have faith
And the choices you made, it's all by design
Go with it, mmmm
Come on don't fuck up the fung shui
Fung shui, fung shui, fung shui I see every thing with new beams, I do dream
My eyes are glowing mood rings, you're boring
Stop dueling with the truthing, I do think
When you think too much you're removin' what's moving
Stuck inside a statue, look at you
Go ahead and poke, then something gon' catch you
A petty logo, shed all my tattoos
I read all the bad news that says I'm too careful Ooh, tap in to the frequency, love
Ooh, tap in to the frequency, love The universe never steered me wrong, the universe never lied
Take me bound to the come me down, the fantasy in this remedy
Free from where you don't belong in the concept of time
New levels Mmm, come on
Moments don't pass me up, no, no
'Cause I seize them in stride
Tell them winnin' never gave me in
When I eternally have faith
And the choices you made, it's all by design
Go with it, mmmm
Come on don't fuck up the fung shui So twisted in emotional notions
Oh yeah
I savor your love
Don't fuck up the fung shui I see every thing with new beams, I do dream
My eyes are glowing mood rings, you're boring
Stop dueling with the truthing, I do think
When you think too much you're removin' what's moving
Stuck inside a statue, look at you
Go ahead and poke, then something gon' catch you

A petty logo, shed all my tattoos
I read all the bad news that says I'm too careful
Ooh, tap in to the frequency, love
Mmm tap in to the frequency, love
Feel I'm being tested every minute
Feel like yesterday I was blind, I'm being lost
Seems like I've stumbled on a path, no coincidence
Truly is my essence a mirage? Who am I? Who am I? Don't remind me
Too alive, too alive, no arriving
You were right, I was left in before
To the light, to the light I am carolin'
Pair without a paradise, to reach out for my lifeline
The angels laugh in paradise and say in my own lifeline
Look at you
To the night, to the night I'm abandoned
Shouldn't I, shouldn't I? What a sandpit
Couldn't I, couldn't I have an angel?
To the light, to the light I am carolin'
So twisted in emotional notions
Oh yeah
I savor your love
Don't fuck up the fung shui
I see every thing with new beams, I do dream
My eyes are glowing mood rings, you're boring
Stop dueling with the truthing, I do think
When you think too much you're removin' what's moving
Stuck inside a statue, look at you
Go ahead and poke, then something gon' catch you
A petty logo, shed all my tattoos
I read all the bad news that says I'm too careful
Ooh, tap in to the frequency, love
